dresses which we have assembled for spring and you

New Shades, New Materials, New Styles Just Out of Their Wrappings, Two Hundred Chic' Beautiful, New Spring Models, in a Wide Diversity of Fashion's Authentic Styles.

The success of of the spring suit, depends, this season, less upon fit than upon lines-Line correctness is absolutely essential-And you will find this fashion edict emphasized to perfection in this array of spring garments.

## Women's and Misses' Modish Cloth Suits, \$14.75, \$18.75, \$24.75. \$27.50 and Up to \$39.75

There is an exceedingly broad field for the exercise of individual preferences as to materials, styles and colors, and all are uncommonly pleasing. You'll note a marked change in the fabric weaves which have been selected by the fashion authorities for springtime prominence. Beauty of texture is a distinguishing characteristic and there's an entirely new line of shades in vogue. For the most part, the suits in this assortment are elaborately trimmed models, for which Fashion manifest a decided predilection, but there are hosts of clever tailored styles, in serges, checks and pin stripes, that will charm by their becomingness of cut and excellence of quality. Salient style points grouped for easy reading, included.

THE dresses take one 'way 'way back to the days of grandmother with their rippled flounces and short tunics draped up at the hips, and with their loosefitting waists that blouse so becomingly under the arms - their exquisite net vests and their lace and embroidery trimmings. Some of these have a very smart new

rolling Japanese collar. Chiffon taffeta is the favorite, though crepe de chine, peau de peche and Chinese crepes are attracting a great deal of attention. Price range-
